PROFESSIONAL EXPERIENCE

Junior Architect | CASCO Architecture and Engineering

Jan 2023 – Dec 2023

Orchestrated architectural planning, sections, elevations, and detailed material schedules for Construction Documents.

- Researched and coordinated material selection, ensuring optimal choices aligned with project goals & design specifications.
- Interpreted & implemented IBC & ADA requirements, and regulatory compliance in architectural endeavors.
- Researched adopted building codes & permit application processes to assist in streamlining project permitting.
- Engaged in on-site visits, performing field measurements to create existing condition documents/drawings.

MAJOR PROJECTS

- Burlington
- Simon - Roosevelt Field, NY
- Lotte Plaza Market
- Casco New Jersey Office

Junior Architect | Infinity Architects

Dec 2020 – Apr 2021

- Specialized in Bungalow Design, overseeing major aspects from conceptualization to realization.
- Designed and executed schematic drawings, meticulously planned architecture, crafted sections and elevations, and developed detailed 3D models for comprehensive visualization.
- Produced precise working drawings, ensuring seamless communication and execution of design concepts.
- Skillfully created compelling presentations, effectively communicating design ideas and concepts to clients and stakeholders.
- Played a pivotal role in material selection processes, aligning choices with project requirements and aesthetic goals.
- Conducted engaging client meetings, fostering effective communication and understanding to ensure client satisfaction and project success.

Architectural Intern | Vishwas Kulkarni Architects, India

May 2019 – Nov 2019

- Major work in a wide range of Government (PMC) Public Building Projects.
- Schematic Design, Conceptual Drawings, Facade Design, Interiors, Working Drawings, Client Meetings, and detailing were my areas of focus.
